

Welcome to the Colonies at Berkshire Lakes!

We are a deed-restricted condominium association located within the larger Berkshire Lakes complex. We are conveniently located at the intersection of Radio Road and Santa Barbara Boulevard, close to shopping, banking, restaurants, medical facilities, I-75, downtown Naples and its beautiful beaches.

With 78 units in 8 buildings, our buildings have a beautiful view of the largest lake in the complex. A walking path runs between our community and the lake. Colonies' amenities include two swimming pools, a hot tub and use of the Master Association's clubhouse, tennis courts (also marked for pickle ball,) walking path and pool.
